Technical information

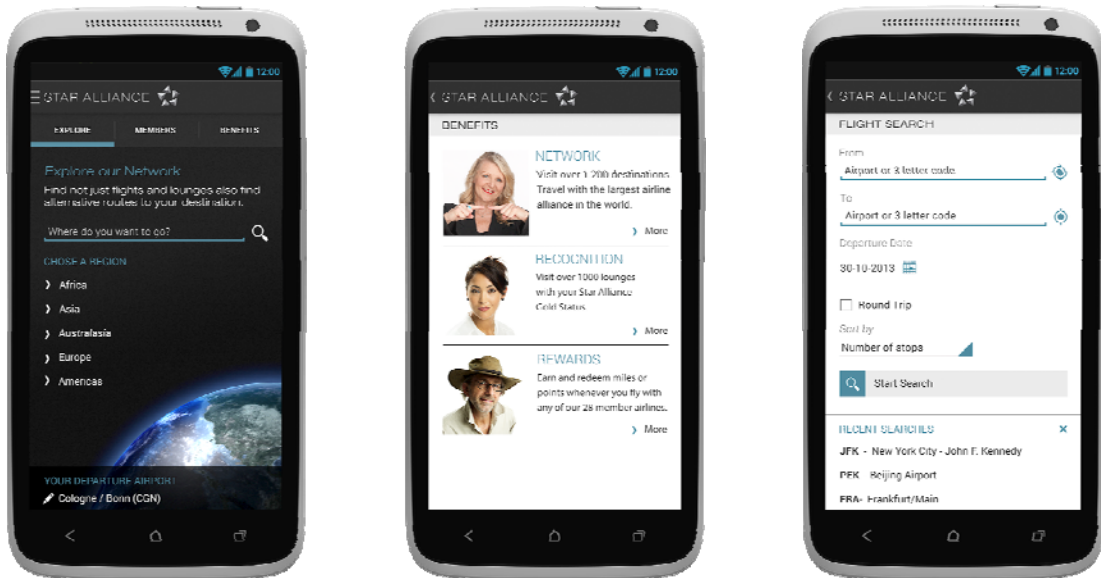

The app can be downloaded from the Star Alliance website at:

http://www.staralliance.com/en/services/mobile_services/android/ or directly from Google play at: <https://play.google.com/store/apps/details?id=com.staralliance.navigator>

It has been designed to run in Android 4.0 and above. Lower versions down to 2.3.3. will be supported, but might not provide the optimised experience. The initial version is designed for smartphones with the following resolutions: 480x800, 480x854, 800x1280, 1080x1920.

The Star Alliance Navigator App is now available for both the Android and iOS operating

systems. The Alliance originally launched its Navigator App for iPhone in 2011, followed by a bespoke App for the iPad in 2013. The introduction of a dedicated tablet App for Android is planned for later this year.

About Star Alliance:

The Star Alliance network was established in 1997 as the first truly global airline alliance to offer worldwide reach, recognition and seamless service to the international traveller.
