

Health code (HS/HDC code)

Please apply and obtain health code (HS/HDC code) by 20:00 on the day before departure to the public notice of the Chinese Civil Aviation Administration, General Administration of Maritime Affairs, and Ministry of Foreign Affairs.

Please make sure that you have Health Code ready for inspection as ANA will confirm it upon check-in.

	Time line	Required inspections and applications	Attention
①	Within 3 days of the scheduled boarding date	Cross-PCR test	Two PCR tests (cross-PCR test) and a test certificate will be obtained at two designated inspection agencies with an interval of 24 hours or more.
②	By 20:00 the day before departure	Health code (HS/HDC code)	Register information on the WeChat mini program or the dedicated website of the "international version of the epidemic prevention health code " and upload the negative certificate.

Ex) If you board on Fri, April 8th

① Tue April 5th ~Thu April 7th : Carry out a cross test

② By 20:00 Thu April 7th : Register health code and get the code granted by the Chinese Embassy and Consulate-General in Japan.

※For further details, please see the Embassy of the People's Republic of China in Japan homepage ([Japanese/Chinese](#))

※If vaccination has been completed, negative certificate registration is required after 14 days from the completion of vaccination. If you are vaccinated in Japan, you will need a "certificate of vaccination against COVID-19" issued by your local government or airport (in the name of the Minister for Foreign Affairs). In case of vaccination in China, personal information, date of vaccination, type of vaccine, name of vaccination organization and certificate of vaccination with seal or electronic version are required.

-Chinese Nationals

After obtaining negative test certificates, please fill in the required items on the WeChat Mini-Program called Prevention Health Code International Version, and upload your required documents.

Passengers approved by the Embassy/Consulate-General of the People's Republic of China in Japan will obtain a Green Health Code with an "HS" mark.

-Non-Chinese Nationals

After obtaining negative test certificates, please register an account via the Website for Department of Consular Affairs, Ministry of Foreign Affairs, PRC (URL : <https://hrhk.cs.mfa.gov.cn/H5/>) or by using the QR code. Please fill in the required items and upload your required documents. Passengers approved by the Embassy/Consulate-General of the People's Republic of China in Japan will obtain a Green Health Code with an "HDC" mark.
